Dear Prof. Francis Dela Cruz,

We, the BSIT – 3B class, would like to request permission to conduct the GEE11D – Living in the IT Era course online via Microsoft Teams on Wednesday from 12:00 PM to 3:00 PM. In addition, Group 3 would like to formally ask for your approval to present our topic, Hardware I/O, during this session.

We have diligently prepared our presentation in advance to ensure a comprehensive discussion of our topic. We are submitting this request as we do not have an available classroom on that day, and there will also be a scheduled transport strike, which may affect our ability to attend in person.

We hope for your kind consideration and approval of our request. Please let us know if there are any additional requirements or guidelines we need to follow.

Thank you for your time and support. We look forward to your response.

Sincerely,

Mark S. Lising

BSIT – 3B Class Representative
